

THE POWER OF CITYVIEW PARTNERSHIPS

CityView forms partnerships to ensure that our customers receive the benefits from the latest technologies and additional functionality to meet your wide range of needs.

Archistar eCheck uses AI to automate building permit assessments, providing instant compliance checks from PDFs, CAD or BIM designs. It speeds up development approvals, reduces rework and boosts application quality.

Easily circulate, review, mark up and compare documents, plans and construction drawings using the power of CityView and Bluebeam® software.

CityView's integration with Esri's ArcGIS Server or ArcGIS Online assimilates mapping and spatial analysis into the everyday business activities of CityView users in the office, in the field and publicly.

Online payment solutions that drive results. Invoice Cloud provides a complete, simple, and secure electronic bill presentment and payment solution.

Paymentus is the premier provider of innovative, reliable, and secure electronic bill presentment and payment services for more than 1300 clients leading the Utility, Telecom, Auto Finance, Insurance, Consumer Finance, Health, and Higher Education industries.

Laserfiche is the leading global provider of intelligent content management and business process automation. Customers in every industry—including government, education, financial services and manufacturing—use Laserfiche® to boost productivity, scale their business and deliver digital-first customer experiences.

Hyland is a leading content services provider that enables thousands of organizations to deliver better experiences to the people they serve.

Worldline, formerly known as Bambora, provides digital payments for a trusted world. Process payments with peace of mind knowing you have a dedicated team at your service.
